RODA Monthly Report Notes and Definitions

Data Sources and Limitations

1. Death certificate records are supplemented with autopsy and toxicology data. Data for 2023 and 2024 are considered preliminary.
2. NSSP- ESSENCE, emergency department data uses the CDC All Drug v2 and CDC Opioid Overdose v3 definitions. Data should be used to assess trends and are estimates, not official overdose counts.

Place of Injury Inclusion Criteria

1. **Outdoor-** public spaces where an individual is exposed to the elements, this includes the outside of commercial areas, lots, bridges, freeway, streets, and natural areas like riverbeds, parks, lakes, etc.
2. **Residence-** includes houses, condos, apartments, or mobile homes. Does not include RV or vehicles used as shelters for unhoused
3. **Vehicle-** a motorized automobile or trailer or recreational vehicle.
4. **Hotel/motel-** a place of temporary stay such as an inn, motel, hotel, or resort.
5. **Other-** a facility such as a school, school yard/ground, prison, prison yard, rehabilitation centers, or hospital. Places described as being inside of a business such as a restaurant or store, a restroom or shed. Inclusive of abandoned buildings and truck stops.
6. **Unknown-** an unknown location, missing data, or where the location description lacks detail to categorize in any previous categories
