THE CHALLENGE

Every day, older adults, caregivers, veterans, and people with disabilities struggle to find the help they need—because systems are fragmented, confusing, and hard to navigate.

THE SOLUTION

This Summit will bring together providers, organizations, government agencies, educators, and residents to simplify access to services and empower individuals with the knowledge and tools to navigate the system with confidence.

THE VISION

A community where everyone—regardless of age, ability, or background—can connect with the resources and support they need to live healthy, independent, and fulfilling lives.
