CORONA WELLNESS & RECOVERY CENTER

Partnering with children, adults, and families on their path to health and wellness. Providing a nurturing environment of inclusivity to meet the needs of our diverse community.

OUR MISSION

Our mission at Corona Wellness and Recovery Center is to partner with children, adults, and families on their path to health and wellness. Through collaboration, integrity, and communication, we will create a nurturing environment of inclusivity to meet the needs of our diverse community.

WHO WE SERVE

Corona Wellness and Recovery Center serves children, adults, and families experiencing mental health, behavioral health, and substance use challenges. Our center proudly offers the MOMS Perinatal Program, an intensive outpatient treatment program for pregnant and parenting women with substance use challenges. CWRC is a Full Service Partnership (FSP) providing intensive services to those who have been diagnosed with a severe mental illness.

MENTAL HEALTH SERVICES

Mental health services offered at Corona Wellness & Recovery Center utilize evidence-based practices and a trauma-informed approach to deliver quality care for both children and adults.

Mental health services include:

- Support from clinical therapists, nurses, psychiatrists, peer support specialists, parent partners, family advocates, and behavioral health specialists
- Personalized treatment plan
- Individual, family, and specialized group therapy sessions
- Case management
- Medication management
- Linkage and referral to resources
- Health, life, and coping skills education

SUBSTANCE ABUSE PREVENTION & TREATMENT SERVICES

Substance abuse prevention and treatment services offered at Corona Wellness & Recovery Clinic provide client-centered care through education and treatment. Our substance use treatment professionals are trained and credentialed to develop unique treatment plans for each client to recover from substance use disorder and maintain their recovery successfully.

Substance abuse prevention and treatment services include:

- Support from substance use counselors, therapists, family advocates, parent partners, and peer support specialists
- Personalized prevention and treatment plan
- Medication management
- Intensive outpatient treatment
- Individual, family, and group counseling
- Outpatient drug-free services
- Parenting skills and education
- Recovery support from trained specialists with lived experience in wellness and recovery
