

Health Careers 101

This presentation gives an overview of healthcare career pathways and provides insight into which programs are more welcoming to DACA students (high school and community college). We will also provide insight into how DACA students can navigate the admission and enrollment process for the program of their choice, whether it is medicine, nursing, dentistry, physical therapy, physician assistant, or others. **Anyone is welcome to attend regardless of immigration status!**

Thursday, April 3rd

5:00 PM PST
