

I.E.C.Y.J  
Inland Empire Youth Justice

# Coalition Meeting

Dear, Community

First we would like to introduce ourselves

*We are I.E.C.Y.J The Inland Empire Coalition For Youth Justice, A Coalition For young people (youth) Ran by you the young people (youth)*

*Our Mission Is to Help youth have a voice in their community and the world, and become future leaders*

We are a newly formed Coalition, but we are not a new organization. We are dedicated to advocating for equitable opportunities, restorative justice, and transformative support for youth in our community. Bringing together passionate individuals, organizations, and community leaders, I.E.C.Y.J aims to address systemic challenges facing young people in the Inland Empire, including education, criminal justice, and mental health disparities. As we prepare for our first coalition meeting, we are excited to build a collaborative platform where voices unite to create meaningful change and a brighter future for our youth.

Together, we strive to ensure justice, empowerment, and opportunity for all.
