The One Team Community Event fosters a sense of community by embracing the principles that we are One People, One Community, One World. Every voice matters in building a vibrant community. This event gives every community a voice to tell its story in a way that is meaningful to them. This can be represented in many ways, such as music, dance, storytelling, etc.

When communities share their unique perspectives, we enrich our collective understanding and foster inclusivity. Empowering everyone to speak up cultivates a culture of respect, trust, and collaboration, ultimately driving our city forward. As we listen and learn from each other, we break down barriers and celebrate our differences.
