

ARE YOU A VETERAN?

Looking for a new career
in an exciting new industry
with tremendous growth
opportunities?

We are looking for 50 Veterans, reservists or people transitioning out of active duty military service to train as EV charging technicians.

Participants will be trained in the basics of electric transportation and trained in how to diagnose and maintain EV charging stations. Join us and determine if you'd like to be the next EV charging technician.

Interested? Contact Enid at:
(626) 533-2225
